

January 8: Reminder, Webinar on Quality Indicators Version 4.1 Changes, Session 1 Access Information with Passcode

The AHRQ Quality Indicators team is providing a two-part webinar series to review the changes from Version 3.2 to Version 4.1 of the Quality Indicators. The first session will provide a high-level overview of all of the changes and you will have an opportunity to ask questions. Future sessions (to be announced) will provide more in-depth information on particular changes/topics of the Quality Indicators.

The session is offered twice to provide participants a choice of available days. Session 1 will be offered on January 12, 2010 and January 14, 2010, 1:00-3:00 EST. To avoid going over the number of allotted dial-in ports, we request that you group in conference rooms when possible. Please note that the session will be recorded and posted to the AHRQ QI site (<http://www.qualityindicators.ahrq.gov/>) within two weeks in case you are unable to attend or do not have access to the Webex service.

If you have not accessed this Webex service in the past, it is advisable to do so at least 15 minutes prior to the beginning of the session to avoid missing part of it as it can take a few minutes to set this up the first time.

A summary of the Version 4.1 changes was provided in the previous listserv announcement. (That announcement can be found at this link: http://www.qualityindicators.ahrq.gov/listserv_archive_2009.htm.) Users may find this summary helpful to review prior to attending these webinars.
